

Carmen AMO ALONSO

253 Cory Hall
Berkeley, CA, 94720

Email: camoalon@berkeley.edu
Website: <https://camoalon.github.io>

RESEARCH INTERESTS

- Control Theory, Artificial Intelligence, Machine Learning, Convex Optimization.
- Large-Scale Systems, Data-driven Approaches, Foundation Models, Safety Guarantees.
- Natural Language Processing, Cyber-Physical Systems, Robotics.

PROFESSIONAL EXPERIENCE

ACADEMIC EXPERIENCE

Assistant Professor <i>Department of Electrical Engineering and Computer Sciences, UC Berkeley</i>	Incoming 2027 <i>Berkeley, CA</i>
Schmidt Science Fellow <i>Aeronautics & Astronautics Department, Stanford University</i>	2024 – 2026 <i>Stanford, CA</i>
Postdoctoral Fellow <i>Artificial Intelligence Center, ETH</i>	2023 – 2024 <i>Zürich, Switzerland</i>

INDUSTRY EXPERIENCE

Graduate Student Intern <i>Modeling and Optimization Engineering Team, Tesla Inc.</i>	2022 <i>Palo Alto, CA</i>
---	------------------------------

EDUCATION

Ph.D. in Control and Dynamical Systems <i>California Institute of Technology</i>	2017 – 2023 <i>Pasadena, CA</i>
M.Sc. in Space Engineering <i>California Institute of Technology</i>	2016 – 2017 <i>Pasadena, CA</i>
B.Sc. in Aerospace Engineering <i>Technical University of Madrid</i>	2012 – 2016 <i>Madrid, Spain</i>

SELECTED HONORS

FELLOWSHIPS AND SCHOLARSHIPS

Lucy Hsu Faculty Fellowship - <i>Awarded to a College of Engineering Assistant Professor, UC Berkeley</i>	2027 – 2032
Fellow of Stanford Impact Labs - <i>Awarded to 15 postdocs per year at Stanford</i>	2025
Emerson Consequential Scholarship (Emerson Collectives) - <i>Awarded to 1% of postdocs at Stanford</i>	2025
Schmidt Science Fellowship - <i>Awarded to 30 postdocs per year worldwide across all disciplines</i>	2024
MIT Engineering Excellence Postdoctoral Fellowship - <i>Awarded to 15 postdocs per year worldwide (declined)</i>	2023
ETH Artificial Intelligence Center Postdoctoral Fellowship - <i>Awarded to 12 postdocs per year worldwide</i>	2023
Amazon AI4Science Fellowship	2021
D.E. Shaw Exploration Fellowship	2019

AWARDS AND RECOGNITIONS

MIT Brain and Cognitive Science Rising Stars Award - <i>Awarded to 3 postdocs per year worldwide</i>	2025
Best Paper Award of the IEEE Transactions on Control of Network Systems	2024
Milton and Francis Clauser Doctoral Prize - <i>For the best PhD thesis at Caltech across all disciplines</i>	2023
Best Student Paper Award at the International Conference on Control and Automation	2022
Named Rising Star in Electrical Engineering & Computer Science	2022
Named Rising Star in Cyber-Physical Systems	2022

MENTORING AND TEACHING EXPERIENCE

GRADUATE MENTORING

Stanford University	Palo Alto, California
<i>Mentor of master student Lukas Haverbeck</i>	2026
<i>Mentor of master student Ambroise Aigueperse</i>	2026
<i>Mentor of master student Enrico Vittori</i>	2026
ETH	Zürich, Switzerland
<i>Mentor of master student Federico Arangath – led to publication [C4] (7% acceptance)</i>	2024
<i>Mentor of master student Lukas Schuepp – led to publication [C3]</i>	2024
<i>Mentor of master student Alessandro Tuccillo</i>	2024
<i>Mentor of master student Gaia Lauper</i>	2024
<i>Mentor of master student Seif Ismail – led to publication [C7]</i>	2023
California Institute of Technology	Pasadena, CA
<i>Certificate of Interest in Research Mentoring</i>	2020

UNDERGRADUATE AND GRADUATE TEACHING

ETH	Zürich, Switzerland
<i>Co-instructor of Distributed Model Predictive Control</i>	Spring 2024
<i>Co-instructor of AI Center Projects in Machine Learning Research</i>	Winter 2024
California Institute of Technology	Pasadena, CA
<i>Teaching Assistant of Robust Control Theory (CDS 231)</i>	Spring 2023
<i>Teaching Assistant of Optimal Control and Estimation (CDS 112)</i>	Winter 2023
<i>Teaching Assistant of Network Control Systems (CDS 141)</i>	Spring 2021
<i>Teaching Assistant of Robust Control Theory (CDS 231)</i>	Winter 2020
<i>Head of Teaching Assistants of Introductory Methods of Applied Mathematics (ACM 95/100)</i>	Winter 2019
<i>Head of Teaching Assistants of Introduction to Probability Models (ACM 116)</i>	Fall 2019
<i>Teaching Assistant of Introductory Methods of Applied Mathematics (ACM 95/100)</i>	Winter 2018

PUBLIC ENGAGEMENT, OUTREACH AND SERVICE

PUBLIC ENGAGEMENT & LEADERSHIP

AGI Governance Fellow , Johns Hopkins University School of Government and Policy	2026
<i>Selected in an intensive program in Washington, D.C. shaping the next generation of leaders in AGI governance.</i>	
Engagement and Education Officer , Stanford Science Policy Group, Stanford University	2025 – 2026
<i>Leading educational and community outreach efforts connecting STEM research with policy-making.</i>	
Member , Future of Life Institute	2024 – Present
<i>Part of a global community promoting the responsible development of transformative technologies.</i>	

Fellow, LEAP Alliance

2022 – 2023

Selected as part of a national initiative to diversify leadership in the computing professoriate.

Co-founder, Hispanics in Computing and Mathematical Sciences, California Institute of Technology

2021

Created an affinity group to support Hispanic students and lead outreach in underrepresented communities.

OUTREACH & EDUCATION

Volunteer Instructor, Clubes de Ciencia

2023 – Present

Ongoing engagement with a nonprofit promoting science education for underrepresented students in Latin America.

Designed and taught a one-week course on Large Language Models at Merida Autonomous University (Mexico) and National University of Engineering (Peru).

ACADEMIC SERVICE & INTERDISCIPLINARY COMMUNICATION

Keynote Speaker, NSF Workshop

Washington D.C., 2025

NeuroAI and Beyond

Co-organizer, Workshop at IEEE Conference on Decision and Control

Rio de Janeiro (Brazil), 2025

Large Language Models and Control

Co-organizer, Workshop at the International Conference on Learning Representations

Vienna (Austria), 2024

Next Generation of Sequence Modeling

Co-organizer, Workshop at IEEE Conference on Decision and Control

Cancun (Mexico), 2022

System Level Synthesis and its Frontiers
